Dear Valued Election Official,

ES&S realizes that election success would not be possible without the thousands of election officials and workers across the U.S. (aka YOU). You are on the front lines every election season; ensuring that every vote counts, checking and re-checking equipment and making sure results are reported timely. Truly, election officials are the heroes of the election process.

As we gear up for the finish of this year’s Presidential Election Cycle, ES&S wants to celebrate each of the election officials we have the privilege to call partners for their dedication to democracy. The following “Election Worker Tribute” video contains footage from various Primary elections around the U.S. during 2016, giving kudos to the dedication exhibited by each of you responsible for conducting the nation’s elections.

We encourage you to watch the video and feel free to share online through your website or social media channels so more people can see the hard work you put in every day!

We hope you feel the same pride watching it as we did producing it. Thank you for all you do for your state, your voters and the elections process.

Love what you saw? Feel free to share the video link through email or from our Facebook account.

Hi Heather

Just wanted to follow up and share that we have had some things come up here at the SCSEC. James and I still want to come to Omaha and train but we will now have to look at June, preferably the first or second week. Please let me know what we can put together as we would like to go ahead and schedule flights and hotel, our accounting department needs time to set up a direct bill with the hotel. Speaking of hotel, Marci said she believes there is hotel that offers a shuttle to and from the ES&S offices. Do you know which hotel that might be?

Thanks for your help.

I am in travelling on 4/6 with limited access to phone/email, so it will take me longer to respond. If you have an immediate need during this time, please call our corporate office at 1-877-377-8683.
Dear Brian,

Thanks for the heads up. I've added Andrew Eden from the training Dept to this email thread, so he can reschedule the training and let you know about hotels.
