CSCE574 – Robotics  
Spring 2014 – Homework 2

---

**Assigned:** Jan 21

**Due:** Jan 23

---

name

**Execute** the Bug1 algorithm on the environment below. **Draw** the path followed by the robot. Be neat, especially if the path overlaps itself, so that your answer is unambiguous. **Label** the hit points as  $H_1, H_2, \dots$  and the leave points as  $L_1, L_2, \dots$
