

CSCE 531 Spring 2007

QUIZ 9

Assigned Friday, 07-04-13

Match

1. value (also known as copy and, less frequently, constant) parameter
2. variable (also known as reference) parameter

with

1. unknown address
2. unknown value and known address

and with

1. direct addressing
2. indirect addressing

Answer: value—unknown value (known address)—direct addressing; variable—unknown address—indirect addressing
